Bella Schneider Beauty - Product Review

Bella Schneider, leading beauty expert, product developer and owner of the critically acclaimed LaBelle Day Spas in the Bay Area, has strived to create skincare and beauty products that help women shine...in a good way. Straight from the beauty expert herself, Bella says that cleansing should be the gentlest step in your beauty routine, and should be well thought-out to complement your skin type. Too many people over-dry their skin by using harsh cleansers, along with water that is too hot. To avoid this problem, it's best to use a gentle cleanser that both replenishes moisture and exfoliates the skin. Luckily for us, the Bella Schneider Beauty (BSB) Culminé Collection has the solution with three different cleansing mousses, formulated to transform even the most sensitive skin into radiant skin.

One week ago today, I received a sample of BSB Culmine Exfoliating Mousse Cleanser for Oily Skin with Glycolic Acid AND BSB Culmine Mini Peel Pads.

I will give you the official data in a bit, and I will be doing update this as weeks go on.

Cleanser: This sudsy mousse cleanser is truly one of the best cleansers I have ever used. You don't need very much at all! It removes all cosmetics, including mascara (yes it does) and it leaves my skin feeling so refreshed, toned and soft. No dryness, even though it has glycolic acid. It is AMAZING! I have never looked forward to cleansing my face until I started using this.

Mini Peel Pads: Ladies, I have used about ten brands claiming to be this product. Well, let me tell you they pale in comparison. Not even CLOSE. From the first night, I could see improved tone and clarity. The pores on my nose seemed to have shrunk if not disappeared. Ok, how's this - my engineer husband who barely knows I am in the room made a comment the next day!!! SHOCKING! Seriously!

Photos of the products are below. The website is www.labelledayspas.com should you be interested in trying anything. I will be back with more information. But after one week, all I can say is "WOW"!

5-6-13: Yes, still and more WOW! The face wash alone really is incredible and in concert with these pads, I am seeing dramatic changes in my skin. I honestly can't wait until I get to use either one each morning or evening. What a difference putting my make-up on! It glides! Huge improvement ladies.
