BSB Culminé Line Reducing Moisture Complex

BEAUTY DECEMBER 2, 2012 BY HILARY SHEINBAUM

By simply applying to cleansed skin once or twice a day, BSB Culminé Line Reducing Moisture Complex allows users to achieve nourished, brightened skin.

Ingredients including honeysuckle flower extract, grape seed extract and lactic acid, assist with anti-inflammatory properties, collagen production and generation of a healthy glow.

Other key ingredients, like hyaluronic acid, deeply moisturize the skin and prevents the look of aging.

The serum is available at www.labelledays-pas.com for \$65.

Available for purchase online or in our spas.

RATING FOR BSB CULMINÉ LINE REDUCING MOISTURE COMPLEX

Hilary Sheinbaum, a former Us Weekly freelancer and beauty/fashion/lifestyle publicist, has a love for New York, shopping and good food. A University of Florida graduate, Hilary has written for national, regional, local and online publications. She loves finding quirky stories and loves new products.
